Dual driver, vented sub-bass system

features

- ▶ Dual direct radiating 18" (460mm) drivers
- ▶ High temperature 4" (100mm) voice coil
- ▶ Fitted with handles and castors
- ▶ Five year limited warranty

applications

- ▶ Large scale club performance
- ▶ Large club installs

The powerful Blackline S218⁺ sub-bass system has been designed to be used with large scale Blackline F12⁺ and F15⁺ systems to extend and increase the total low frequency output power. It can also be used as the low frequency section of a bi-amped or tri-amped H3⁺ system. The S218⁺ provides good bass punch with extended sub-bass output from two new, long-excursion, 18" (460mm)/4" (100mm) voice coil drivers with water resistant cones and triple roll surrounds.

The S218⁺ must be electronically crossed over with the M3⁺, DX1 or equivalent Electronic Controller.
